

RAJA SOMESH

Full Stack Developer | React.js · Spring Boot · REST APIs · AI-Integrated Systems

rajasomesh20@gmail.com | +91 81439 42868 | [GitHub](#) | [www.linkedin.com/in/panjagala-raja-somesh](#) | Vijayawada-15, India

PROFESSIONAL SUMMARY

Full Stack Developer (B.Tech IT, 2027) with hands-on experience in React.js, Spring Boot, and REST APIs. Built an AI Driver Safety Monitoring System (OpenCV) and a workflow automation tool — securing top-3 finishes at two national hackathons. Awarded **Best Performer** at Elevate Labs (Skill India, Govt. of India). Proficient in OOP, SQL, and Agile development with a track record of shipping complete prototypes under tight deadlines.

TECHNICAL SKILLS

Languages	Java, JavaScript, Python, SQL
Front-End	React.js, HTML5, CSS3, Responsive Web Design
Back-End	Spring Boot, REST API, MVC Architecture, Node.js
AI / Tools	OpenCV, Computer Vision, Git, GitHub, Postman, VS Code
Database	MS SQL Server, Database Design, SQL Queries

PROJECTS

- KRIYABOT — Workflow Automation System** [\[Certificate\]](#)  2nd · Aignite Hackathon · 2025
 - Architected an automation engine to eliminate high-frequency manual workflows; built and demoed a full prototype within a 24-hour competitive sprint.
 - Secured **2nd place** at Aignite Hackathon among cross-disciplinary teams, recognised for technical execution and real-world impact.
- Bus Safety System — AI Driver Monitoring** [\[GitHub\]](#)  3rd · Elevatex Hackathon · 2024
 - Engineered a real-time driver monitoring system using **Python & OpenCV** — detecting drowsiness, yawning, and phone usage to prevent fatigue-related accidents.
 - Delivered a live prototype in 12 hours; awarded **3rd place** at Elevatex Hackathon for innovation and demonstration quality.
- Student Blog Platform — Full-Stack PDF Manager** [\[Live\]](#) [\[GitHub\]](#) 2024 – Present
 - Built with **React.js + Node.js**; implements full CRUD, RESTful APIs, responsive UI, and a normalised **MS SQL Server** schema. Version-controlled via Git/GitHub.

INTERNSHIPS

- Web Development Intern — Elevate Labs (Skill India & MSME, Govt. of India)** Aug – Sep 2025
 - Delivered production-ready full-stack projects in React.js & REST APIs; awarded **Best Performer** for technical contribution and professionalism.
- Engineering Intern — NTPS, APGENCO** Nov 2023 – May 2024
 - Strengthened analytical thinking and technical documentation skills through exposure to large-scale industrial systems — directly transferable to software engineering.

EDUCATION

- B.Tech — Information Technology** · DhaneKula Institute of Engineering & Technology 2024 – 2027
- Diploma — Electronics & Communication Engineering** 2021 – 2024

CERTIFICATIONS & ACHIEVEMENTS

- Web Development Certification — Elevate Labs (Skill India & MSME) · 2025 [\[Certificate\]](#)
- Complete MySQL Bootcamp: SQL Certification — Udemy [\[Certificate\]](#)
- 2nd Place — Aignite 24-Hr Hackathon · KRIYABOT Workflow Automation System [\[Certificate\]](#)
- 3rd Place — Elevatex 12-Hr Hackathon · AI Driver Monitoring System
- 3rd Position — Smart India Hackathon 2024 (Internal Round)
